

Character Education

Diamond Creek focuses on the **Six Pillars of Character:**

Respect
Responsibility
Trustworthiness
Citizenship
Caring
Fairness

In order to create a positive and supportive school culture, we recognize students who have demonstrated the emphasized character traits.

"We are grateful for our PTC who has brought technology into the classroom. We use Chromebooks, iPads, Smart Boards, online math and reading programs and more. All of this technology allows teachers to be more interactive and better prepare students for the future."

- Diamond Creek Teacher

"Diamond Creek's Parent School Site Council has been a great fit for me. It has helped me stay involved as a parent. I believe when our children see us more involved, the better the kids will do in school."

- Diamond Creek Parent

"The staff goes to great lengths to accommodate all the different learners at the school. They are the best, by far!"

WELCOME to Diamond Creek – Home of the Trailblazers!

At Diamond Creek, we have a collaborative approach where teachers across grade levels work together to produce optimum learning techniques and environments that support student growth and academic success. Our collaborative approach has proven successful through our high assessment scores and student achievement. We believe in continuous improvement as we are a team of learners, continuously reflecting and improving our teaching practice to best meet the needs of our students through 21st century learning experiences.

I am honored to work with such involved parents, skilled and dedicated teachers and other educators who strive to make learning meaningful for students every day. It is a privilege to be the principal at Diamond Creek Elementary. It is our daily mission to make sure students are learning at their fullest potential every day.

If you have any questions or need more information, please contact me at aturry@rcsdk8.org or 916.771.1760. I would be happy to give you a tour of our school!
