4.. CAASPP Data 17-18	None	Principal	Angela shared celebrations from our Spring 2018 data in comparison to 2017 data. In both Math and Reading iReady, data has increased in students proficient by grade level and decreased in our amount of students below grade level. In CAASPP, three of the six sub goals in ELA and Math were met. Both Kindergarten and 1st grade saw improvements in the

			amount of growth they had throughout the year and the amount of students on target. Angela also shared comparison data showing cohorts of students and their progression each year in CAASPP. When State data is public, Angela will also share this information.
5. Villages Update	None	DC Staff	Our Villages sorting day on 8/29 was a success. Students were very excited about their Villages and are now learning “eyeballs and handshakes” in our Village meetings along with their Village chants and the Diamond Creek chant. Moving forward, students will have one meeting and one rally per month which will focus on one of the 7 Habits along with 2-3 essentials. Angela will be communicating what the month long focus is during our Village and Rally time to parents on our website as well as in the Diamond Creek School Blog.
6. Site Safety Update	None	Angela Garcia	An outside company walked through Diamond Creek with Angela. Overall, they were happy with our current safety procedures. A report of next steps and suggestions will be coming soon. The fence near the park was an area of concern that Angela communicated and the outside consultant also suggested that this be fixed to be higher.
